Second Subject Endorsement Required

Program Description

The primary objective of Business Teacher Education is to provide prospective business teachers with a background which will enable them to develop the desired knowledge, skills, and attitudes necessary to teach business subjects at the high school level.

Students planning to teach business subjects in secondary schools should seek the Bachelor of Arts in Education degree with either a field endorsement in Vocational Business Education or two subject endorsements, one of which must be the Basic Business Subject Endorsement.

Students selecting the Vocational Field Endorsement in Business Education will be qualified to teach all basic business and general office classes, with the exception of shorthand. In addition, the field endorsement permits students to meet vocational certification requirements which are necessary to teach in a reimbursable business education program.

Scholarships and Financial Aid

Wayne State College is committed to providing a quality, affordable education for its students. There are several types of financial assistance available for Wayne State students, including grants, loans, work-study and scholarships. The aid packages are composed of money from Pell grants, SEOG grants, SSIG grants, Perkins loans, Stafford student loans, PLUS loans and a variety of scholarships. Contact the Financial Aid Office at (402) 375-7230 for further information.

No special ability scholarships are available in the Business Teacher Education area. Students are encouraged to contact the Financial Aid Office for state-assisted and/or annual and endowed scholarship information. Scholarships are highly competitive and awarded through an application process.
