Scholarships and Financial Aid

Wayne State College is committed to providing a quality, affordable education for its students. There are several types of financial assistance available for Wayne State students, including grants, loans, work-study and scholarships. The aid packages are composed of money from Pell grants, SEOG grants, SSIG grants, Perkins loans, Stafford student loans, PLUS loans and a variety of scholarships. Contact the Financial Aid Office at (402) 375-7230 for further information.

Students are encouraged to contact the Financial Aid Office for state-assisted and/or annual and endowed scholarship information. Scholarships are highly competitive and awarded through an application process.

Program Description

Objectives: The Computer Information Systems (CIS) program provides its students and graduates with: (1) a knowledge of foundational principles and concepts of computing; (2) and understanding of fundamental organizational and business concepts, (3) familiarity with essential theory and practical skills in the areas of computer programming, introductory networking, systems development, computer hardware, operating systems, and databases; (4) instruction in advanced undergraduate topics, theory, and skills in a focused concentration area; (5) the ability to work independently, as well as in groups across a range of diverse situations; (6) a working familiarity with sources of information and assistance in this field and related fields, as well as a knowledge of the systems for accessing such resources; (7) the ability to communicate effectively in a variety of forms for a variety of purposes; (8) an awareness of the types and range of career opportunities in the field, coupled with the ability to manage one's own career; and (9) an understanding of the contexts and environments surrounding the development and uses of information systems.

Program Content

Major in Computer Information Systems (BA or BS) 57 hours

Computer Information Systems major should meet with their advisors to determine the appropriate mathematics courses and science courses to satisfy their General Education Mathematics and Science requirements.

Core: (24 hours)

CIS 132 Principles of Computer and Information Systems	3
140 Introduction to Microcomputer Operating Systems	3
171 Networking I	3
360 Computer Informations Systems: Analysis and Design.....	3
366 Introduction to Data Base	3
372 Computer Hardware	3
480 Seminar in Computer Information Systems.....	3
CSC 150 Programming Fundamentals I.....	3
	24

CIS Networking Concentration: (21 hours)

CIS 271 Networking II.....	3
361 Computer Information Systems: Design, Implementation & Evaluation.....	3
371 Networking III	3
390 Computer Information Systems Practicum.....	3
471 Networking IV	3
CSC 160 Programming Fundamentals II	3
