Program Description

The ESL program prepares students to work with and teach English to students who are speakers of other languages. As a special endorsement, it must be combined with another endorsement. Given the increasing number of low English proficiency students in area schools, ESL is appropriately combined with any other endorsement, in elementary, special, or any area of secondary education.

Courses in the program provide knowledge of language structure, communication, and cultural issues, as well as theoretical background and practical experience in language teaching.
