RIAA: 401293

This letter constitutes notice that you may be legally liable for the infringing activity occurring on your computer. In addition, this activity is a violation the following section of the Terms and Conditions of the WSC Residence Hall Computing Services:

Item 2. C) I will not use the Wayne State College computer network for illegal or unethical activities, ex. Illegal file transfers, copyright infringement. (WSC Student Handbook 2008-2009, page 100).

As a result, your computer has been restricted from accessing external internet resources for a period of ten class days. Your access to external internet resources will be reactivated on 4-6-09. You can continue to access eCampus and other WSC internet resources for education purposes. During this time period you MUST remove, disable, filter or otherwise ensure that your system is set to prevent any sharing of copyrighted materials to other users. For more information about what's legal and what's not when it comes to copying music, see: www.musicunited.org

If the sharing of copyrighted materials is detected from your computer at any time in the future, your computer will be permanently restricted from accessing external internet resources.

Please contact me if you have questions or are in need of additional information.

Sincerely,

Jeff B. Carstens
Vice President, Dean of Students
