FIELD TRIP or OFF-CAMPUS ACTIVITIES POLICY

The College reserves the right to determine the requirements necessary for student participation in college-sponsored field trips/off-campus activity. In no instance will these criteria for enrollment violate the College's non-discrimination policy.

Students participating in college-sponsored field trips/off-campus activities are expected to conform to the same standards of appropriate behavior as published in the Wayne State College Student Handbook and other college publications pertaining to student rules and regulations.

The College expects each student to exercise self-discipline that will enhance the educational experience and the learning environment for all field trip participants. Students are expected to obey the laws of the state and nation, and the regulations of the College, and to refrain from any conduct while on the field trip/off-campus activity that is injurious to themselves, to others, or to the reputation of the College.

Any violation of published rules and regulations of the College, the student Code of Conduct as expressed in the Wayne State College Student Handbook, or of local, state or federal laws may result in disciplinary action or sanctions by the College. Failure to comply with the lawful directions of college personnel acting in the performance of their duties may also result in disciplinary action by the College. The College reserves the option of initiating disciplinary action on its own including the dismissal of the student in the midst of the field trip/off-campus activity experience and requiring the student to return to the campus at his or her own financial expense. Any subsequent disciplinary action resulting from field trip misconduct will be in accordance with established rules and regulations of the College. In the event dismissal action is taken on a field trip/off-campus activity, the College will contact the person previously designated by the student to be notified in the case of emergency.

Violations of state criminal statutes or any unlawful action on the part of a student while participating in a Wayne State College field trip/off-campus activity may require the College to immediately notify local law enforcement authorities.
