If any differences are found, we will make corrections electronically on your behalf and you will receive an updated Student Aid Report (SAR).

High School Completion Status

Provide ONE of the following documents that indicate your high school completion status:

- An official copy of the student’s final high school transcript that shows the date when the diploma was awarded. Must be sent from the high school to be considered official.
- An official copy of the student’s General Educational Development (GED) certificate or GED transcript.
- If State law requires a homeschooled student to obtain a secondary school completion credential for homeschool (other than a high school diploma or its recognized equivalent), an official copy of that credential.
- If State law does not require a homeschooled student to obtain a secondary school completion credential for homeschool (other than a high school diploma or its recognized equivalent), an official transcript or the equivalent, signed by the student’s parent or guardian, that lists the secondary school courses the student completed and documents the successful completion of a secondary school education in a homeschool setting.
- An official academic transcript that indicates the student successfully completed at least a two-year program that is acceptable for full credit toward a bachelor’s degree. Must be sent from the institution to be considered official.

NOTE:
Place student’s ID in the upper right hand corner of the document before submitting to our office.

No further processing of your federal financial aid will be done until one of the documents listed above is received.
