I. Introduction

The Wayne State College Student Handbook is distributed to WSC students on the web as a guide to current policies, practices, and activities of the campus. It is not meant to serve as the ultimate authority concerning these matters, as Nebraska State College System Board of Trustees' policies are updated on a continual basis, and practices and activities are reassessed periodically. Please refer to the most recent Board Policy available on-line at www.nscs.edu and to the Vice President for Student Affairs office for clarification of any material found in the Wayne State College Student Handbook. WSC reserves the right to update this handbook at any time.

II. Services and Resources

The Vice President for Student Affairs is the chief student affairs officer at Wayne State College and supervises the following student services and departments –Campus Security, Counseling Services, Educational Support and Disability Services, Multicultural and International Programs, Residence Life, Student Activities, Student Health Services, Title IX, and TRIO Student Support Services. Other services provided by the VPSA include - coordination of campus judicial proceedings and conduct appeals, liaising with campus food service and the campus bookstore, advising Student Senate, and providing general student advocacy and assistance. Each of these offices and programs is described in this section of the Handbook. The Vice President for Student Affairs also assists students with student absences, withdrawals and addressing issues and student behavior on and off campus. Academic Success Center

Phone (402) 375-7496

U.S. Conn Library, Room 232

www.wsc.edu/hasc

The [Holland Academic Success Center](#) provides academic support to WSC students. Non-degree credit courses are offered and listed under Academic Success Courses (ASC) in the college catalog and on Wildcats Online Web site. The Freshmen Experience course prepares students for their first year challenges. It is designed to improve student performance in the classroom and teaches adaptability in a changing environment. This course helps students develop strategies to improve academic performance, approach new ideas and subjects and perform better in discussions and on tests. Students will be encouraged to become involved in campus activities and receive information on the various campus services that may benefit them throughout the college experience. The course is not required but is highly recommended for all new Wayne State College students.

Academic Advising

Academic Advising is where students receive one-on-one guidance during their Wayne State College experience. We will help you: develop an education plan, arrange the best possible class schedule, register you for classes for the upcoming term, work with Career Services to help you determine your major or career, complete a change of major/advisor form, prepare for graduation, listen to any concerns you have about college. We advise students who are still exploring majors, freshmen, transfer students and walk-in WSC students who have an advising question.

Academic Coaching

The Holland Academic Success Center coaches create a personal and confidential relationship with the student which focuses on his/her academic goals. Specific plans for these goals are structured in weekly individual meetings throughout the semester. Academic coaching motivates the student to take ownership of their academic success, identifies the steps to reach those goals, develops time management skills and encourages the use of all available campus resources.

Writing Help Desk

The Writing Help Desk Staff work one-on-one with a student on writing assignments; make suggestions regarding usage, word choice, and sentence structure. The student and staff may work together to brainstorm with a student regarding possible topics for an assignment or determine if a student has a strong thesis and support for that thesis. The Writing Help Desk is a free service provided by the Holland Academic Success Center and is available to all students. It is located in Conn Library, Rm. 120. Students can submit papers to the Writing Help Desk staff online at onlinewritinghelpdesk@wsc.edu.

Use of the Wayne State College campus network, computers, and user access to the internet is a privilege that should be respected and used wisely. Failure to do so may result in disciplinary action. The guidelines below provide a brief description of WSC's appropriate and ethical use procedures, a more complete presentation of WSC's [technology procedures](#) may be found online at www.wsc.edu/nats.

1. Keep your login and passwords private: use by anyone other than yourself creates a security risk for your own files and the network. Hacking, intentional misuses or abuse of computer facilities, is prohibited. Use of your email account by anyone other than yourself is strictly prohibited. If you forget your password or can't get into your network account, seek help from the [WSC Campus Service Center](#) at www.wsc.edu/service-center.
2. Always log out of the network when you leave your computer so that your files, your password, and your network access is protected from abuse by others.
3. Do not eat, drink, or use tobacco near your computer or in computer labs.
4. Release your computer to others who need it if you have completed your academic work requirement for that session. Academic use will always take priority over personal or recreational use.
5. While connected to the WSC computer network do not: run services such as web servers, ftp servers, online game servers, or other similar systems/programs; run additional networks from your computer; use the WSC computer network for use in illegal or unethical activities (e.g., information theft, computer hacking, illegal file transfers, copyright infringements, etc.).
6. Do not load software on the network because its use interferes with network operation.
7. Messages, statements, declarations, or databases sent or received via computers must meet the same standards as tangible documents or instruments with regard to laws governing privacy, copyright, sexual harassment, plagiarism, or forgery.

Accommodations for Students with Disabilities

[View NSCS Board Policy 3700.](#)

Individuals with disabilities have the right to an equal opportunity to participate in and benefit from all programs offered by the Colleges. The Colleges are committed to providing students with disabilities the same opportunity to achieve academic success as they provide for all students.

The services provided to students with disabilities are established in Section 504 of the Rehabilitation Act of 1973 and the regulations implementing Title II of the Americans with Disabilities Act. Services will be provided with the understanding that students with disabilities may require unique accommodations and must have their needs assessed on a case-by-case basis.

Accommodations may be requested for academic needs, student activities, campus housing and/or general accessibility issues.

Confidentiality

The College maintains appropriate confidential records that identify students with disabilities. These records are considered “education records” protected by the Family Educational Rights and Privacy Act (FERPA) and its regulations. Information about the student may be released with the student’s informed written consent in accordance with FERPA or other application legislation.

Accommodation Process

Students with disabilities are responsible for initiating the accommodation process by identifying themselves as needing reasonable modifications to the environment, auxiliary aids and/or services in a timely manner. Students seeking accommodations must meet with the Disability Services Staff, Kanter Student Center, Office Suite 12, (402) 375-7505.

After a request for accommodation has been made, an interactive process between the student and the College will begin to determine what, if any, accommodation should be provided. A student requesting an accommodation must provide information about the condition on which the request is based, including the exact nature of the condition and why reasonable accommodation is necessary. The College may need to obtain additional information to determine if the student’s condition qualifies as a disability or to determine what would be an effective accommodation. Such information may not be necessary if an effective accommodation is obvious.

Personal Care Attendants

Students who require a personal care attendant (PCA) are responsible for making arrangements for their PCA service. If a PCA is needed, the student is responsible for hiring, training, scheduling, supervising, paying, and replacing the attendant as necessary. The Colleges are not responsible for any coordination or financial responsibilities for personal care attendants. In addition, the College students and employees are not expected to provide the services of a PCA. Students requiring a PCA are strongly recommended to find services of an impartial PCA who is not a family member or close friend.

PCAs with access to residence halls will need to complete a background check before arriving on campus. Access to College residence halls will not be granted until a background check has been completed. Any PCA that fails to abide by College policies and procedures may be subject to removal from the residence halls and College campus, loss of all privileges and any other action the College may consider appropriate.

Service Animals

Service animals are trained to do work or perform tasks for a student with a disability, and the work is directly related to the individual's disability. Service animals may accompany the student in any and all locations where students are allowed.

Students with disabilities who are accompanied by service animals must comply with the same College rules regarding conduct, noise, safety, disruption, and cleanliness as people without disabilities. The ADA stipulates that service animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal's work or the student's disability prevents using these devices. In that case, the student must maintain control of the animal through voice, signal or other effective controls.

The College is not responsible for the care or supervision of service animals. Individuals with disabilities who are accompanied by service animals are solely responsible for the cost, care, supervision and well-being of the animal at all times.

Students with disabilities accompanied by service animals are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury.

Cleaning up after the animal is the sole responsibility of the student with disabilities that is in possession of the service animal. If the individual is not physically able to clean up after the animal, it is then the responsibility of that individual to hire someone capable of cleaning up after the animal in a timely, hygienic and respectful manner.

Therapy/Support Animals

Even though therapy or support animals do not qualify as service animals, the College shall provide reasonable accommodations for emotional therapy/support animals in College housing. Emotional support/therapy animals are animals whose sole function is to provide emotional support, comfort, therapy, companionship, therapeutic benefits, or to promote emotional well-being.

Students qualify for a reasonable accommodation when (1) health care professional(s) have recognized and documented the therapeutic effect of animal companionship; and (2) the therapy animal is an integral part of a person's treatment process to assist in alleviating the symptoms of an individual's disability.

Requests to have an emotional therapy/support animal in campus housing are considered requests for accommodation and will be reviewed on an individual basis.

Under the federal Fair Housing Act, accommodations for emotional support/comfort animals must be reasonable. Animals can pose no direct threat to the health and safety of others; cause substantial damage to the property of others; post an undue financial and administrative burden; or fundamentally alter the nature of the provider's operation.

Food Allergies

Food allergies may constitute a disability under the Americans with Disabilities Act (ADA). Students with food allergies may have light to severe reactions as a result of contact with a particular food source. The College will develop individualized plans for students who request reasonable accommodations due to a food allergy. Depending on the individual circumstances, the College may allow students to be exempt from the mandatory meal plan, eat in a separate location, or partake of meals made without specific allergens within the College's regular dining halls.

Complaints

ADA compliance issues and complaints may be directed to:

Emergency – Call Campus Security (402) 375-7216

Emergency Services

Accident of Injury

In case of any accident on campus involving personal injuries or property damage, Wayne State College Security should be contacted at 402-375-7216 as soon as possible. An "Incident/Accident" report must be completed for any student accident involving personal injury or property damage. Security will assist in seeking appropriate medical attention as needed.

Academic Emergency

In the event that an emergency (illness, accident, family problem) requires your absence from campus, you should contact each of your instructors as soon as possible. If this is not possible, you may call upon the Student Affairs Office for assistance. If the emergency should cause an extended absence, it may be possible to make arrangements with your instructors to complete your coursework at a later date. This is called an "Incomplete" in a course. See the WSC General Catalog for detailed information on procedures. If your absence has caused specific academic concerns for you, it is recommended that you request assistance from the Holland Academic Success Center located in the U.S. Conn Library Room 232 or from your advisor.

Contacting Campus Security

The Security Office is located in the Campus Services Building (north of the hospital). If you need assistance, Security can be contacted at this address or by calling (402) 375-7216. If you need additional assistance in reporting a crime, you may call the Wayne Police Department at (402) 375-2626. **In cases of emergency, call 911** from any phone. The **blue light emergency phones** are located in several parking lots across campus. These are activated by simply depressing one button. You will be connected with Campus Security or the Wayne Police Department.

Financial Emergency

If you are experiencing financial problems and cannot meet your obligation to the College, you should visit with staff in Student Financial Services, Hahn Administration Building, Room 104. The staff can address student account and financial aid concerns and provide available options and resources specific to your situation.

Fire Emergency

If you are the first person to observe a fire in a campus building, do not try to put it out. Activate the building fire alarm through the nearest alarm box. Leave the building using the nearest evacuation route. Buildings are to be reentered only after the appropriate officials have indicated that there is no longer an emergency. Turning in a false alarm, or tampering with alarm equipment, in addition to being a state violation, is interpreted as endangering the lives of others and may result in suspension from the College and/or civil court action.

Health Emergency

In addition to the services through Student Health and Counseling during regular operating hours, Providence Medical Center is equipped for 24 hour-a-day emergency care (cost is not covered by the student health fees). If you cannot get there under your own power and cannot find someone to take you, call Campus Security (if you are on campus) or call the local ambulance service.

Outpatient health care is available through Wayne Family Medicine located at 615 E. 14th Wayne, NE Telephone: (402) 375-2500. They prefer to work by appointment but emergency care is available when necessary. Office visits and emergency care are not covered by the student health fee and are the responsibility of the student.

Tornado Information

Tornado watches and warnings are issued by the National Weather Service when the possibility of a tornado exists. Watches are generally used for wider areas exposed to a rapidly developing threat. The time period covered will normally be several hours. Not every watch will result in severe thunderstorms or a tornado, but one may result in some part of the watch area. During a tornado watch you should be aware of changing weather conditions and should be prepared to move to a place of safety. Tornado warnings are issued for much smaller areas and for shorter periods of time than watches. When a tornado warning is issued, seek shelter or move to a safe area immediately.

If you are indoors...

- A. Move immediately from your classroom, work area, or residence room to an interior place of greater safety, closing doors as you leave.
- B. In multi-story buildings or residence halls, move to the basement or interior hallways on lower floors. Upper stories of buildings are unsafe. Close draperies and move away from exterior windows or glass.
- C. In classrooms or work areas move to the basement, interior hallways, stairwells, or other areas which are directly supported and are free from exterior windows and glass. Avoid: a) top floors of buildings, b) elevators (power may fail), c) food service areas and d) auditoriums, gymnasiums or other places with wide, free span roofs.
- D. Stay close to the floor and cover your head with a jacket, blanket, pillow, etc. and shield yourself from flying debris by staying under heavy furniture.
- E. If time permits and you are able to move to shelter, take a flashlight and a battery powered transistor radio to supply you with accurate information.

If you are outdoors...

- A. Seek indoor shelter if possible (parked motor vehicles are unsafe.)
- B. If you cannot get indoors, lie flat in a ditch or low spot.
- C. If you are on flat ground and are caught in the path of a tornado, always move at an angle from the path of the storm.

Remain in a place of shelter until you hear the clear signal or until you are sure the danger has passed.

Services offered to students at no additional cost include:

Except as provided in Procedures a and b below, all entering students must show a valid immunization record for measles, mumps, and rubella (MMR). Prior to their first day of attendance in classes, applicants from foreign countries also are required to present a record of a TB skin test (Mantoux) or FDA-approved IGRA blood test (Quantiferon Gold or T-spot TB) completed within six (6) months prior to their first enrollment in addition to the above required record of immunization. If either of the tests is positive, a chest X-ray is required. The cost of the X-ray is borne by the student. If a student lives in a country which does not offer the TB tests, the student must undergo testing upon arrival at the College.

It is recommended that first year students living in College housing receive a meningococcal vaccination, but it is not required.

- a. A person qualifies for a medical exemption from the requirement to show proof of immunization when the person files a bona fide statement signed by a physician licensed to practice medicine within the United States verifying that the physical condition of the person seeking admission makes the required immunization unsafe and indicating the specific nature and probable duration of the condition. The exemption shall not extend beyond the period of the condition, which contraindicates immunization. A person qualifying for this exemption must sign a waiver form provided by the College stating that, if an outbreak of measles or rubella occurs at the College or surrounding community, the person may be subject to exclusion from the campus and College related activities during the outbreak period.
- b. A person qualifies for a religious exemption when the person files a notarized affidavit on an approved form that immunization is contrary to the religious tenets and practices of the signer. A person qualifying for this exemption must sign a waiver form provided by the college stating that, if an outbreak of measles or rubella occurs at the College or surrounding community, the person may be subject to exclusion from the campus and college related activities during the outbreak period.

This exemption will be revoked if, at any time, the student enrolls in on-campus courses. At that time, the student will be required to show proof of immunization during the first semester the student is enrolled on-campus.
- d. According to guidelines established by the Center for Disease Control and Prevention, a person born before 1957 need not submit proof of immunization for measles, mumps or rubella.

Any student group shall be allowed to invite and hear any person of its own choosing. Those procedures required by the institution before a guest speaker appears on campus should insure orderly scheduling of facilities and adequate preparation for the event. The event should be conducted in a manner appropriate to an academic community. The institutional control of College facilities should not be used as a device of censorship.

It should be made clear to the academic and larger communities that sponsorship of events and speakers does not necessarily imply approval or endorsement of the views or actions by either the sponsoring group or the College. Participation in the exchange of ideas through these media is a normal expectation of the academic community. See [Board of Trustees Policy 3250 Student Rights and Responsibilities](#)

Student Organizations

Each of the Colleges shall have structured student organizations, including an organized student government, which shall be recognized as the principal entity for student participation in the decision-making process of the College.

Students shall be encouraged to participate in the student organizations. All organizations shall have a faculty/staff advisor and a constitution which must be approved by the appropriate College entity.

All applicable state and federal laws and regulations, Board policies and College rules shall be followed in the operation of all student organizations. At no time will membership requirements or an organization's activities violate the College's non-discrimination policy.

Student organizations wishing to enter into agreements or contracts with persons, corporations or organizations external to the College community must have approval by the College chief business officer, or his or her designee, prior to entering into such an agreement or contract in order to reduce the risk of legal liability for the College and the Board of Trustees. Contracts that include the utilization of College facilities and/or other resources of the Colleges for an event must be approved in advance and signed by the College President or Vice President for Administration and Finance. See [Board of Trustees Policy 3300 – Student Organizations](#)

Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) protects the student's right to privacy. The law does allow the institution to share, without written permission of the student, "directory information." At Wayne State College that information consists of the following:

- Student's name
- Address (local, permanent, and electronic mail)
- Telephone numbers
- Participation in officially recognized activities and sports
- Weight, height and photographs of athletic team members
- Degrees, honors, and awards received
- Major field of study
- Dates of attendance (only beginning and end dates of semesters)
- Year in School
- Enrollment status (full/part-time)
- The most recent previous educational agency or institution attended

Right to Review Records

With certain exceptions, a student has a right to review records which are directly related to him/her and are maintained by the College. A student request to see his/her file is to be sent to the office which maintains the file and will be honored within forty-five (45) days. Students must pay for the cost to make copies of any records. Parents of dependent students have the right to review information about their children, such as grades, bills, and other information without having to gain students' consent as long as dependency is documented to the College.

Right to Seek to Amend Records

If a student believes that any of the education records relating to her or him contain information that is inaccurate, misleading, or in violation of her or his rights of privacy, she or he may ask the College to correct or delete such information by submitting the request to the Vice President for Student Affairs. A student may also ask that additional explanatory material be inserted in the record. The request must clearly identify the part of the record that the student wants changed. It must specify why the record is inaccurate or misleading. There is no obligation on the part of the College to grant such a request. If the College declines to amend the records as requested by the student, it will so inform the student, and the student may request a hearing. The right to challenge the contents of an education record may not be used to question substantive educational judgments that have been correctly recorded. For example, a hearing may not be requested to contest the assignment of a grade.

Releasing Information Pursuant to Student Consent

Non-directory information will be released only upon the written request of the student. When information is released from a student's file, the student's written consent, the reason(s) for the release, and the name of the recipient of the release must be attached to the copy of the data released, which is kept in the file. The recommendation or data released must include a statement that the information is not to be released to anyone else without the student's written consent.

Releasing Information without Student Consent

College employees, representatives and associates who have a legitimate educational interest, may look at a student file in any office (except the Health Center) in order to advise and assist students. A legitimate educational interest is defined as the need to review a student's educational record in order to: perform an administrative task outlined in that employee's, representative's or associate's duties; perform a supervisory or instructional task directly related to a student's education; or perform a service or benefit for the student such as health care, job placement, security, residential services, the acquisition of learning materials or student financial aid. Associates with a legitimate educational interest include third party providers from whom students have purchased content or services in conjunction with a College program, class or activity and for whom the College has an assurance of FERPA privacy protections on file.

Information concerning students obtained through counseling activities will not be made available to unauthorized persons without the expressed written consent of the student involved, except under legal compulsion or where the safety of others is involved or as otherwise addressed in FERPA.

Students may voluntarily waive their right to inspect and review three types of confidential recommendations: 1) application for admission to an educational institution, 2) for employment or 3) for honors or awards. The student must indicate or be notified in advance of the names of all persons making recommendations, including all those solicited by the institution or volunteering their comment. This may not be a general permanent waiver; it must be provided for at the appropriate time for each of the three types of confidential statement or recommendation.

The College may, upon written request, release non-directory personally identifiable education records without student consent in accordance with FERPA and federal regulations. A record of such releases must be maintained by the College.

The College may also release, upon written request, and without student consent, to the victim and/or the general public the final result of a campus disciplinary proceeding involving a violent crime or non-forcible sex offense where the accused was found to have violated College rules or policies.

Colleges shall provide access to education records of students who apply for admission and/or transfer within the NSCS whenever such records are requested by another NSCS College without obtaining student consent for such a release.

Filing Complaints

Persons wishing to file complaints regarding this policy or its implementation may do so with the U.S. Department of Education. See the Vice President for Student Affairs for further information regarding such matters. See [Board of Trustees Policy 3650 Student Records](#)

Missing Student Notification Policy

This policy, in compliance with the Higher Education Opportunity Act of 2008, provides students with a procedure and information for reporting a missing person. The policy applies specifically to students who reside in College-owned housing facilities.

Reporting a Missing Student

If a member of the Wayne State College community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify WSC Campus Security at 402-375-7216.

Confidential Contact Person

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by Wayne State College in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Wayne State College will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so through WSC Residence Life, Kanter Student Center 201, 402-375-7318. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement in the course of the investigation.

Investigation

Upon receiving a notification, Campus Security will generate a missing person report and initiate an investigation. Investigative efforts will include, but are limited to:

- Contact attempts via telephone, email, social media or other means;
- Welfare check of the missing person's residence hall room; and
- Identification of and contact with individuals who may have knowledge of the missing student's whereabouts.

Notification Procedures

After investigating a missing person report, should Campus Security determine that the student has been missing for 24 hours, Wayne State College will notify the Wayne Police Department and the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, WSC will notify the student's parent or legal guardian immediately after WSC has determined that the student has been missing for 24 hours.

Parking

Parking on campus requires a WSC parking permit which can be obtained in the Student Financial Services Office, Hahn 104. Cooperation and compliance with the established rules and regulations will help ensure convenience for everyone. [Parking information](#) is available online at www.wsc.edu/parking.

Smoking and Tobacco Use Policy (Nebraska Clean Indoor Air Act)

Smoking and second-hand smoke have been found to pose definite health hazards. To provide a safe and healthy environment for working and learning, WSC restricts smoking and vaping on campus with the exception of designated outdoor areas. Smoking is prohibited in all indoor areas. Campus buildings are posted with "No Smoking" signs notifying all visitors of the smoke-free environment. Smoking is permitted within 20 feet of designated waste receptacles which are located in Parking Lots 1, 1.2, 3, 8, 9, 10, and 11. Please review the [tobacco use map](#) at www.wsc.edu/tobacco-use-map for a map of these receptacles.

Smoking is defined as the inhalation, burning, or carrying of any lighted tobacco or nicotine product that produces second-hand smoke or vapor (this includes vape pens, e-cigs, etc.). Cigarette butts, packaging, chew containers, chew bottles, and other tobacco debris must be disposed of properly in appropriate waste receptacles.

National Data on Smoking Bans (from no-smoke.org)

As of July 1, 2022, there are now at least 2,604 100% smoke-free campus sites. Of these, 2,176 are also 100% tobacco-free, 2,253 also prohibit e-cigarette use, 1,235 also prohibit hookah use, and 586 also prohibit smoking/vaping marijuana use.

This number has grown from the 586 campuses with 100% smoke-free campus policies in October 2011 and 446 campuses in October 2010. This number is expected to continue to climb rapidly as a result of the growing social norm supporting smoke-free environments, and support from within the academic community for such policies for campus health and well-being.

There is a need to protect employees and students from exposure to secondhand smoke on college campuses and create an expectation that this living and working environment be smoke-free.

VI. Code of Conduct

Board Policy 3100

This section is currently under revision due to the Department of Education's recent release of Title IX regulations that take effect in August, 2020. The College continues to prohibit sexual misconduct and Board Policy 3020 is still in effect at this time. A supplement to this section with additional information will be issued as soon as possible.

The Board and the Colleges are committed to creating and maintaining a productive educational community that fosters the personal, ethical and intellectual development of its students. Adherence to standards of conduct is essential to the educational process and to the safety and well-being of the College community.

The Board grants authority to the Presidents to designate appropriate officers, establish representative college committees, render initial decisions and provide appeal procedures in regard to allegations of academic dishonesty; grade appeals; failure to pay a financial obligation; or academic performance, achievement, probation and suspension. All disciplinary sanctions imposed for misconduct identified in this policy are to be governed by terms of this policy and the due process requirements set forth in Board Policy #3200. Acceptance of this policy by the student is implied as a condition of his or her enrollment.

Procedures

Students are responsible to obey the laws of the state and nation, the regulations and policies of the Board and of the Colleges; and to refrain from any conduct injurious to themselves, to others, or to the reputation or interests of the College.

A student shall not ignore a summons from the President or other officer of administration of the College, or from a member of the faculty.

Student misconduct as identified under this policy or a violation of College regulations or policy, whether occurring on or off College property, may result in disciplinary action being taken against the student.

Students may be ordered to leave the College under a temporary suspension pending disciplinary action due process per Board Policy 3200 in the event the student's continued presence is believed to threaten the safety or health of another person or for other reasons at the discretion of the Vice President responsible for Student Affairs or designee. Such order shall be given in writing by the Vice President responsible for Student Affairs or designee.

Students suspended or expelled from one of the State Colleges may be admitted to another Nebraska State College only under the same conditions that they would be readmitted to the College from which they were suspended.

Misconduct

The following acts shall be considered to constitute misconduct for which an offending student or student organization may be subject to disciplinary sanctions.

1. Participation in a demonstration on College property which materially and substantially disrupts or obstructs the normal operations, activities or functions of the College, including unauthorized occupation of College premises;
2. Failure to evacuate College facilities or willfully ignoring any emergency or alarm signal or request to evacuate by appropriate emergency personnel;

3. Falsification or willful suppression of any information for or on an application for admission, or falsification or misuse of College identification and other documents;
4. Misuse of computers or computing resources, including, but not limited to, violating the following federal regulations: the Copyright Act of 1976 and the Fair Use Guidelines, the Digital Millennium Copyright Act of 1998, and the Technology, Education and Copyright Harmonization Act of 2002;
5. Unlawful or unauthorized possession, use, distribution, dispensing, delivery, sale or consumption, manufacture, or being in the presence of any alcoholic beverage, including empty bottles/cans or any alcohol container on any part of College property including outdoor areas and parking lots;
6. Alcohol consumption that endangers the health, safety, or property of oneself or another, or requires medical treatment or College staff intervention;
7. Unlawful or unauthorized possession, use, distribution, delivery, dispensing, manufacture or sale, or being in the presence of any drug; being in possession of paraphernalia for drug use, except as expressly permitted by law, or being unlawfully under the influence of any drug unless directed by a licensed physician;
8. Inflicting unwanted physical contact on another person; conduct that intimidates, harasses, or threatens the safety, health, property, or life of others or oneself; participating or contributing to an incident of abuse or assault; causing, provoking or engaging in any fight, brawl or riotous behavior; or inflicting willful and repeated harm through the use of computers, cell phones, and other electronic devices;

12. Theft or attempted theft of any property or receipt of stolen property;
13. Damaging or attempting to damage property of the College or of another individual;
14. Using or possessing bombs, explosives, incendiary devices, or fireworks;
15. Setting or attempting to set any fire on the campus or on the premises of any student housing unit, except in fireplaces or other facilities designated for fires;

19. Hazing any person. Consent of the victim of the hazing will not constitute a defense to an allegation of misconduct for hazing. Hazing shall mean any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership with any organization;
20. Committing any unlawful act of indecent exposure or public indecency;
21. Participating in any gambling activity in violation of the laws of the State of Nebraska or of the United States;

Abuse of College investigations or disciplinary proceedings which includes, but is not limited to, failure to obey a request to appear before a disciplinary officer or committee, falsification of testimony, disruption or interference with the orderly conduct of any hearing, attempting to discourage any person from using College disciplinary procedures or participating in such procedures, attempting to influence the impartiality of a member of a disciplinary committee prior to any proceeding, filing a malicious, false or frivolous complaint, verbal or physical harassment or intimidation of a member of a disciplinary committee prior to, during, or after a proceeding, failure to comply with any sanction imposed, influencing or attempting to influence another person to commit an abuse of disciplinary proceedings, and a violation of the privacy rights of any student or College employee in regard to a disciplinary proceeding;
28. Any act by a student which occurs on the campus, while studying abroad, on the premises of any student housing unit or at any activity or event sponsored by the College or an organization which is in violation of any ordinance of the municipality in which the College resides, shall constitute misconduct;
29. Falsely setting off or otherwise tampering with any emergency safety equipment, fire alarm, or other device established for the safety of individuals and/or college facilities;
30. Harassing or discriminating against any student, faculty or staff member, as defined in Board Policy 3021, on the basis of race, color, national origin, sex, sexual orientation, gender identity, disability, religion or age; and
31. Any other activity or conduct prohibited by the College in published policies.

Unreasonably Dangerous or Threatening Conduct Toward Self

Student behaviors and actions that are unreasonably dangerous to self or which threaten the student's own safety or health may constitute misconduct under this Policy and may be addressed by the College administration through the disciplinary process. When practicable and appropriate, efforts will be made to advise students regarding voluntary withdrawal options in lieu of initiating disciplinary due process as set forth in Board Policy #3200.

At the discretion of the Vice President responsible for Student Affairs or designee, a student may be allowed to voluntarily withdraw when continued enrollment no longer appears to be in the best interests of the student and/or College in conjunction with mutually agreed upon conditions that will be required for the student to reapply for admission.

Temporary Suspension

Students may be ordered to leave the College under a temporary suspension pending disciplinary action due process per Board Policy 3200 in the event the student's continued presence is believed to threaten the safety or health of another person or for other reasons at the discretion of the Vice President responsible for Student Affairs or designee.

Other Interim Measures

Pending disciplinary action under Board Policy 3200, students may be subject to the interim measures, including but not limited to no contact orders, temporary restrictions from specific areas of the campus, changes in class schedules and/or delivery; changes in residence hall assignments and/or changes in campus employment.

Board Policy 3200

This section is currently under revision due to the Department of Education's recent release of Title IX regulations that take effect in August, 2020. The College continues to prohibit sexual misconduct and Board Policy 3020 is still in effect at this time. A supplement to this section with additional information will be issued as soon as possible.

It is the policy of the Board to grant procedural due process to students accused of misconduct under the terms of Board Policy 3100. Regarding allegations of academic dishonesty; grade appeals; failure to pay a financial obligation; or, academic performance, achievement, probation and suspension each College will devise its own adjudication procedures. However, for allegations of misconduct identified in Board Policy 3100 that may result in disciplinary sanctions, the due process procedures outlined below shall be followed.

Nothing herein shall prohibit the College from resolving conduct issues informally if warranted by the individual circumstances including, but not limited to the responsiveness of the student, the severity of the offense, a student's prior misconduct, and the health and safety of the student and other members of the campus community. Informal resolution of conduct issues in which two (2) or more students are involved in a physical altercation with one another will not be permitted unless all students involved agree to informal resolution.

Disciplinary Sanctions

Disciplinary sanctions may include warnings, demands for restitution or reimbursement, fines, a period of probation, remedial behavioral requirements, remedial educational requirements, suspension, or expulsion.

Requests to Delay Due Process Procedures

In the event that a concurrent civil or criminal action for the same behavior which forms the basis of misconduct allegations under the provisions of this policy is in progress, the accused student may request in writing to the Vice President responsible for Student Affairs, or equivalent administrator, that the College delay the continuance of the due process procedures. By requesting to delay until the external civil or criminal proceeding has concluded, the student agrees that he or she shall not attend any College classes or College-sponsored events or activities or

shall not enter or use College property, including but not limited to living in residence halls, without specific written authorization from the Vice President responsible for Student Affairs. The Vice President responsible for Student Affairs, or equivalent administrator, may place reasonable limits on the length of the delay permitted.

Withdrawal

At the discretion of the Vice President responsible for Student Affairs, a student may be allowed to voluntarily withdraw when continued enrollment no longer appears to be in the best interests of the student and/or College in conjunction with mutually agreed upon conditions that will be required for the student to reapply for admission. The Vice President responsible for Student Affairs will work with the Vice President for Academic Affairs to determine what, if any, academic penalties would apply. Any unresolved conduct issues will remain pending and must be resolved as a condition of readmission. Additional conditions may include, but not be limited to, the length of time a student must wait to reapply and/or the length of time a student has to reapply for admission.

Procedure

1. The student shall be notified in writing by an appropriate College official that he/she is accused of misconduct. The student shall be made aware of grounds which would justify such action by way of the student handbook or other published College regulation.
2. The student shall be notified that he/she may elect one of three courses of action. The student shall be advised of a date (deadline) by which such an election must be communicated to the appropriate College official.
 - a. The student may admit the alleged violation and request, in writing, that the appropriate College official take whatever action seems appropriate.
 - b. The student may admit the alleged violation in writing and request a hearing before the appropriate hearing panel designated by the College. The hearing panel will determine the appropriate sanctions.
 - c. The student may deny the alleged violation, in which case, the appropriate College official shall refer him/her to the appropriate hearing panel designated by the College. The hearing panel will determine responsibility and the appropriate sanctions.

NOTE: If the student fails to respond to the appropriate College official in a timely manner according to the date (deadline) and/or fails to elect one (1) of the three (3) courses of action, the appropriate College official may address the alleged misconduct without providing further due process.

3. Under option 2a noted above, the College may address the alleged misconduct without providing further due process. The student's decision can be binding, if freely and knowingly made, even though suspension, expulsion or the imposition of a stigmatizing sanction might result. Students should be advised in writing of all risks associated with any waiver of due process rights and provided a reasonable amount of time to consider their decision and to confer with a family member or advisor.
4. If the student selects either option 2b or 2c as noted above, a hearing shall be conducted in accordance with the following procedure within ten (10) class days, unless the student requests an extension in writing, which shall not be unreasonably denied. Requests for an extension should be directed to the Vice President responsible for Student Affairs or their designee. Students studying abroad shall be under the direction of the accompanying College official until his/her return to campus, at which time, if needed, the due process procedures will commence.
 - a. Prior to the hearing, the student shall be entitled to the following:
 - Written notification of the time and place of the hearing with reasonable time allowed for grievant to prepare a presentation and defense.
 - A written statement of the allegations (incident or behavior) with sufficient particularity so that the student may prepare his/her defense.
 - The grounds which would justify disciplinary action cited in the student handbook or Board Policy and the possible sanctions that may be imposed.
 - Written notification of the names of the witnesses who are directly responsible for having reported the allegations, or, if there are no such witnesses, written notification of how the allegations came to the hearing panel's attention, and
 - A copy of all documentary evidence to go before the hearing panel.
 - The student shall be entitled to appear in person before the hearing panel, and may call witnesses on his/her behalf. If the student does not appear before the hearing panel, the hearing shall be held in his/her absence.
 - b. Title IX Matters: If the hearing concerns a violation of Board Policy 3020, the College's Title IX Coordinator or designee shall present the evidence supporting his/her finding of responsibility.
 - c. The student shall be entitled to be accompanied by a person of his or her own choosing from the College community to assist in the proceedings or by counsel at the student's expense. An attorney or advisor, if present at the request of the student, may be present to counsel the student, but may not directly participate in the hearing by making oral presentations or arguments, examine or cross-examine a witness, or object to testimony of a witness or to introduction of other evidence.
 - d. The student shall be entitled to ask questions of the hearing panel or any witnesses.

- e. The student shall be entitled to an expeditious hearing of the case.
 - f. Hearings are closed to the public.
 - g. An audio recording of the hearing will be made and kept by the College consistent with document retention schedules.
 - h. The student shall be entitled to an explanation in writing of the reasons for any decisions rendered against him/her and the discipline imposed, and shall be given access to the hearing panel's decision for his/her personal records.
5. The hearing panel designated by the College shall be composed of College administrators, faculty, staff, and/or students. Such selection shall be at the approval of the President or designated Vice President. Individuals serving on this panel need not be disqualified because they have superficial knowledge of the background of the case, or because they may know the participants. The basic test shall be whether or not the panelist can judge the case fairly, without bias or prejudice, and solely on the evidence presented.
 6. The hearing panel shall be the decision-making body acting independent of the President.
 7. Technical rules of evidence or procedure need not be employed in hearing proceedings. A student's misconduct shall be determined by a preponderance of the evidence (i.e., it is more likely than not that misconduct occurred). Hearing decisions need not be unanimous. A simple majority vote shall be sufficient. Hearsay evidence is not required to be excluded, but a finding of misconduct on hearsay evidence alone is not appropriate in hearings, including a serious disciplinary case such as suspension or expulsion.
 8. Members of the hearing panel shall have the opportunity to examine the case file beforehand, and to question the accused and witnesses at the hearing.
 9. The student shall be notified of his/her right to appeal the decisions of the hearing panel to the Vice President responsible for Student Affairs. Appeals must be in writing and are due to the Vice President within five (5) class days after the student received the hearing panels' decision. If the Vice President was a member of the hearing panel, this step of the appeal process is not applicable and the student may appeal directly to the President. Appeals to the Vice President must be based on one (1) of the following grounds:
 - a. Procedural due process was violated;
 - b. The sanction was excessive;
 - c. The evidence did not support the decision; or,
 - d. Substantive new information is available that was not available at the hearing
 10. The student shall be notified of his/her right to appeal the decisions of the Vice President to the President, who has final authority. Should the student appeal, any action assessed by the hearing panel shall be suspended until acted upon by the President. Appeals to the President are due within five (5) class days after the student receives the Vice President's decision. Appeals to the President must be based on one (1) of the following grounds:
 - a. Procedural due process was violated;
 - b. The sanction was excessive;
 - c. The evidence did not support the decision; or,
 - d. Substantive new information is available that was not available at the hearing.
 11. Appeals of the President's decision may be submitted to the Chancellor but shall be limited to allegations that fair procedural process has not been provided in accordance with Board Policy 3200. Appeals to the Chancellor must be in writing and are due within five (5) class days after the student receives the President's decision. Should the student appeal, any action assessed by the hearing panel shall be suspended until acted upon by the Chancellor.

Student Complaint/Grievance Procedures

Section 1

The grievance procedure set forth herein is designed to provide a method for a student to resolve a request or complaint with the College. Time lines should be adhered to unless modifications are agreed to by the parties to the grievance.

Section 2

A grievance is defined to be a request or complaint by a student not covered under faculty or staff grievance procedures. Issues involving academic dishonesty; grade appeals; failure to pay a financial obligation; or, academic performance and achievement, probation or suspension for which the College has established appeal procedures are not eligible for grievance under this policy. Issues of student misconduct for which appeal procedures are available pursuant to Board Policy 3200 are not eligible for the grievance procedure under this policy.

Section 3

In reducing a grievance to writing, it should include the exact nature of the grievance, the act(s) of commission or omission, the date(s) of the act(s), the identity of the grievant, the identity of the party(ies) alleged to have caused the grievance, provisions of any agreement, bylaws, rules, policies or practices that are alleged to have been violated, and the remedy that is sought.

Section 4

The grievant shall, at his/her expense, have the right to assistance by a person of his/her own choosing from the College community, or to legal counsel in any step of the grievance procedure.

Procedure

Step 1

The grievant shall first discuss the grievance with the appropriate College administrator, faculty or professional staff member or with the person at the first level in the chain of command within ten (10) working days of the occurrence giving rise to the grievance in an attempt to settle the grievance. The College administrator, faculty or professional staff member or the person at the first level in the chain of command shall then have ten (10) working days in which to respond and give a written answer to the grievant.

Step 2

A grievance not settled in Step 1 may be filed in writing with the appropriate person in the next level higher in the chain of command in accordance with Section 3 above to discuss and attempt to settle the grievance. If the grievance is with the school dean or department chair, the grievant shall discuss the matter with the Vice President responsible for Academic Affairs.

Step 3

A grievance which has not been settled in Steps 1 and 2 and which the grievant wishes to pursue shall be appealed to the Vice President responsible for Student Affairs, within ten (10) working days of the receipt of the response given in Step 2. The appeal shall include the written grievance and all responses given in the first two steps.

The Vice President responsible for Student Affairs may conduct a conference with the grievant.

Within ten (10) working days of receipt of the grievance the Vice President responsible for Student Affairs shall render his/her written decision. If such findings and recommendations are not submitted within that time or if the grievance is not satisfied, then the grievant may proceed to the next step within ten (10) working days.

Step 4

Should all prior steps fail to resolve the grievance, and the grievant wishes to pursue the grievance, the grievant may appeal to the President, within ten (10) working days of the receipt of the response in Step 3, by filing the grievance and all prior responses with the President.

Step 5

Should all prior steps fail to resolve the grievance, and the grievant wishes to pursue the grievance, the grievant may appeal to the Chancellor, within thirty (30) working days of the receipt of the response in Step 4, by filing the grievance and all prior responses with the Chancellor. The Chancellor will only consider whether basic procedural fairness was offered. The Chancellor may request additional information from the grievant and the College in order to render a decision. The Chancellor will issue a written decision within twenty (20) working days after receipt of the appeal.

Step 6

If the grievant is not satisfied with the decision made by the Chancellor, the grievant may seek relief under applicable State and Federal laws. See [Board of Trustees Policy 3210 Grievance Procedures - Students](#)

VII. Academic Policies

The Vice President for Academic Affairs is the chief administrative officer in the areas of academic policy, curriculum, and the conduct of classroom instruction and professional personnel engaged therein. Students are encouraged to contact this office, or the appropriate Department Chair/Dean, for assistance with special academic problems. The office of the Vice President is located in Hahn Administration, Room 204. Students are also referred to the [Course Catalog](#) at www.wsc.edu/catalog for information about academic policies.

VIII. General Policies

Unlawful Harassment

The Board of Trustees of the Nebraska State Colleges is committed to providing an environment in which all students who participate in College programs and activities can work together in an atmosphere free from unlawful discrimination, including unlawful harassment. The Board specifically prohibits unlawful discrimination (including harassment) based on students' race, color, religion, national origin, disability, age or any other class protected by applicable federal, state, or local law. (The Board has a separate policy, [Board Policy 3020](#), concerning unlawful Sexual Violence or Sex Harassment.) The Colleges will take appropriate action to prevent, correct, and discipline discriminatory behavior that is found to violate Board policies and principles of equal opportunity and access.

Each College has designated an individual to coordinate the College's nondiscrimination efforts to comply with regulations implementing Title II of the Americans with Disabilities Act, Titles VI and VII of the Civil Rights Act, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act. Inquiries regarding nondiscrimination policies and practices may be directed to the Compliance Coordinators assigned at each College and identified on each College website.

Harassment based on a protected class (i.e., race, color, religion, national origin, disability, age, or any other protected class) may take many forms, including unwelcome verbal acts, name-calling, derogatory comments, slurs, coercion, intimidation and/or negative stereotyping; graphics and written statements, which may include use of cell phones or the Internet; or other physically threatening, harmful, or humiliating conduct. Harassment does not have to include an intent to harm, be directed at a specific target, or involve repeated incidents. (Conduct is unwelcome if the student did not request or invite it and regarded the conduct as undesirable or offensive. Acquiescence in the conduct or the failure to complain does not always mean that the conduct was welcome.)

Students who believe they or others have been subjected to unlawful discrimination should immediately report their concerns to any College President, Vice-President, Dean, Title IX Coordinator, any staff member of Housing/Residence Life (including Directors, Assistant Directors, Hall Coordinators, and Residence Hall Assistants), Coach, or any Campus Security Officer.

The Board of Trustees will follow the processes and procedures described in Board Policies [3100](#) and [3200](#) to investigate and address discriminatory behavior.

Billing, Payment and Refund Policies

Students become obligated and agree to pay all academic charges when they register for each term. Charges including tuition, fees, room, meal plans, and all other fees that may be assessed are due on or before the twelfth day of the term (2nd day of each summer term) or immediately if incurred after the twelfth day of the term (2nd day of each summer term).

Drone Use

The use of drones on campus can present significant risks to both people and property. The safety of students, faculty, staff and the general public is our priority. Drones may not be operated on campus for any purpose without prior written approval. Any student wishing to operate a drone on campus must first contact the Vice President for Student Affairs. The operation of drones near residence halls or other areas of campus in which people may have a reasonable expectation of privacy is not permitted. The unauthorized use of drones on campus is a code of conduct violation that may result in disciplinary action. If you see a drone being used on campus, please contact Campus Security at (402) 375-7216.

Residency Classification

Out-of-state students interested in Nebraska residency status for tuition purposes must first meet minimum requirements as established by the state of Nebraska. Residency applications filed after the end of the week one of classes will not be approved until the beginning of the following semester. Additional information can be found in [Board Policy 3050](#).

Restroom and Locker Room Facility Use

The College is committed to providing accessible campus restroom facilities. Students may use any restroom, locker room or changing facilities that correspond to their gender identity. Please contact the Vice President for Student Affairs office at Student Center 201, 402-375-7213 if you have any questions or concerns.

Scheduling Campus Facilities

The scheduling of campus facilities in the Kanter Student Center (meeting rooms, dining rooms, atrium, etc.), Hoffbauer Plaza, WEOPA Plaza, Bowen West Lawn and Willow Bowl for non-classroom activities is handled through Student Activities/Student Center Office, Kanter Student Center Room 12, (402) 375-7322, kscreservations@wsc.edu. Scheduling of rooms in campus buildings, other than the Kanter Student Center, can be made by contacting that building's main office. Scheduling should be done in advance of a planned activity due to space being at a premium and heavily scheduled.

Sexual Violence or Sex Harassment

This section is currently under revision due to the Department of Education's recent release of Title IX regulations that take effect in August, 2020. The College continues to prohibit sexual misconduct and Board Policy 3020 is still in effect at this time. A supplement to this section with additional information will be issued as soon as possible.

Nebraska State College System Policy [3020](#) Sexual Violence or Sex Harassment Reporting, Policies and Procedures

The Board of Trustees of the Nebraska State Colleges is committed to providing an environment in which all students who participate in College programs and activities can work together in an atmosphere free from unlawful discrimination, harassment, or violence. Sexual violence and sex harassment are prohibited by law and by Board policy and the Colleges will not tolerate sexual violence or sex harassment in any form, including, but not limited to, sexual assault; stalking; dating violence; domestic violence; acquaintance, date or stranger rape; non-consensual sexual intercourse; sexual cyber harassment or sexual bullying. The Colleges will take appropriate action to prevent, correct, and discipline harassing or violent behavior that is found to violate Board policies and principles of equal opportunity and access.

This policy provides guidance for what students should do if they have been victims of sexual violence or sex harassment, and what the Colleges will do if such violence or harassment occurs. A student alleged to have committed sexual violence or sex harassment can be disciplined under the Code of Student Conduct and/or prosecuted under Nebraska criminal statutes. Additional Board Policies, Employee Handbooks and Collective Bargaining Agreements, also apply to employees alleged to have committed sexual violence or sex harassment.

The Colleges have a responsibility to respond to reports of sexual violence or sex harassment and attend to the needs of the students who are involved. Reports of sexual violence and sex harassment are taken with the utmost seriousness, and the student will be promptly referred to the appropriate persons or resources for assistance. The Colleges are also responsible for ensuring that the individual charged with committing such violence or harassment is treated fairly. Individuals are presumed innocent unless proven responsible, and will also be referred to appropriate services for assistance.

Scope

To Whom Does this Policy Apply?

Students: This policy applies to all students, including traditional students, online or distance education students, and students participating in dual enrollment programs.

Where Does this Policy Apply?

This policy applies to the following:

- a) The campuses of the Nebraska State Colleges
- b) Areas owned or controlled by the Colleges
- c) Off campus, to the extent that the conduct occurring off campus has continuing adverse effects on campus or creates a hostile environment for a student. College educational programs or activities (whether on or off campus), including, but not limited to, internship and clinic programs and placements and College sponsored study-abroad programs.

Conduct Prohibited by Board Policy 3020 and Definitions

Note: Being impaired by drugs or alcohol is not a defense to any violation of this policy.

Dating Violence

Dating violence is violence (violence includes, but is not limited to sexual or physical abuse or the threat of such abuse) committed by a person (a) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (b) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) the length of the relationship, (ii) the type of relationship, (iii) the frequency of interaction between the persons involved in the relationship.

Dating violence can occur when one person purposely hurts or scares someone they are dating. Dating violence can be physical, emotional, and/or sexual abuse.

Domestic Violence

Domestic violence shall mean felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws.

Domestic violence includes patterns of abusive behavior in relationships used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behavior that intimidates, manipulates, humiliates, isolates, frightens, terrorizes, coerces, threatens, blames, hurts, injures, or wounds someone.

Under Neb. Rev. Stat. §28-323, domestic assault occurs when a person (a) intentionally and knowingly causes bodily injury to his or her intimate partner, (b) threatens an intimate partner with imminent bodily injury; or, (c) threatens an intimate partner in a menacing manner. Intimate partner means a spouse; a former spouse; persons who have a child in common whether or not they have been married or lived together at any time; and persons who are or were involved in a dating relationship.

Sexual Assault

Sexual assault shall mean an offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation. Sexual assault is contact or sexual penetration that occurs without the consent of the recipient.

Sexual contact means the intentional touching of a person's intimate parts or the intentional touching of a person's clothing covering the immediate area of the person's intimate parts. Sexual contact also includes when a person is forced to touch another person's intimate parts or the clothing covering the immediate area of the person's intimate parts. Sexual contact shall include only such contact which can be reasonably construed as being for the purpose of sexual arousal or gratification of either party.

Sexual penetration means sexual intercourse in its ordinary meaning, cunnilingus, fellatio, anal intercourse or any intrusion of any part of the person's body or of a manipulated object into the genital or anal openings of another person.

Sex/Gender Harassment

Sex/gender harassment is unwelcome conduct of a sexual nature that is sex or gender-based. Sex/gender harassment can include (but is not limited to) the following:

- Unwelcome sexual advances

- Requests for sexual favors
- Cyberbullying
- Other verbal, nonverbal, online, or physical conduct of a sexual nature
- Physical aggression, intimidation, or hostility based on sex or sex-stereotyping, sexual orientation and/or gender identity, even if those acts do not involve conduct of a sexual nature.

Harassment does not have to include an intent to harm, be directed at a specific target, or involve repeated incidents. Sex/gender harassment is a violation of this policy.

i. Quid Pro Quo Harassment

Quid Pro Quo harassment is defined as unwelcome sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature, by a person who has authority or power over another, when submission to the sexual conduct is made (either explicitly or implicitly) a condition of a person's academic standing, employment, participation in College programs or activities, or is used in evaluating a person's educational or employment performance, development, or progress or in making another decision that will affect the person's relationship with the Colleges.

ii. Hostile Environment Harassment

Sex and/or gender harassment creates a hostile environment for a student-victim when it is so severe, pervasive, or persistent that it interferes with, denies, or limits the student's ability to participate in or benefit from the Colleges' services, activities, or opportunities because of their sex or gender. A single incident, if sufficiently severe, can constitute a hostile environment. If conduct is sufficiently severe, it can create a hostile environment without being repetitive. Likewise, conduct that is less severe may not be sufficient to create a hostile environment without repeated incidents.

The determination regarding whether a hostile environment has been created requires objective and subjective consideration of the pertinent circumstances, including the type of conduct alleged, its severity, duration, and frequency, the context, including the parties' age, sex, and relationship to each other, and any history of similar behavior.

iii. Retaliatory Harassment

Retaliation is any adverse or negative action taken against an individual due to their report of a policy violation, their cooperation in an investigation into an alleged policy violation, or their engagement in any other protected activity.

Sexual Violence

Any intentional act of sexual contact (touching or penetration) that is accomplished toward another without their consent. Such acts may include, but are not limited to, forced oral sex, forced anal penetration, insertion of foreign objects into the body, and any act of sexual intercourse "against someone's will." This includes, but is not limited to, the use of a weapon, physical violence or restraint, verbal threats, intimidation, and threats of retaliation or harm. Sexual Violence includes Sexual Assault as defined in this policy. Note: It is never appropriate for allegations of sexual violence to be resolved by mediation.

Stalking

Stalking shall mean engaging in a course of conduct directed at a specific person that would cause a reasonable person to; (a) fear for their safety or the safety of others; or, (b) suffer substantial emotional distress.

- "Course of conduct" is defined as two or more acts (including, but not limited to) acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- "Reasonable Person" is defined as a reasonable person under similar circumstances and with similar identities to the victim.
- "Substantial emotional distress" is defined as significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Stalking includes a pattern of repeated and unwanted attention, harassment, contact or any other course of conduct directed at a specific person that would cause a reasonable person to feel fear. Stalking may include: repeatedly communicating with, following, threatening, or spreading rumors about a person who does not want the attention.

Retaliation

Any adverse or negative action taken against an individual due to their report of a policy violation, their cooperation in an investigation into an alleged policy violation, or their engagement in any other protected activity.

Additional Definitions

Student

An individual who is currently enrolled or registered in an academic program or who has completed the immediately preceding term and is eligible for re-enrollment.

Employee

An individual who is paid by the College to perform specific job duties, including faculty and staff, whether they are employed part-time or full-time.

Responsible Employee/Mandatory Reporter:

Any employee who has been tasked with reporting incidents of sexual misconduct by students to the Colleges' Title IX Coordinator. This includes employees who have the authority to take action to address sexual violence, and employees whom a student could reasonably believe has this authority or duty. See "Reporting a Policy Violation to the Colleges" on the following page for additional information.

Confidential Employee

A College employee who does not have a duty to report incidents of sexual misconduct to the College's Title IX Coordinator. Medical or mental health professionals employed by the Colleges (Licensed Student Counselors, Nurses and Athletic Trainers) are Confidential Employees and respect and protect confidential communications from students, faculty, and staff to the extent they are legally able to do so. Employees may have to breach a confidence, however, when they perceive an immediate and serious threat to any person or property.

Reporting Party

An individual that makes a report to the College of a potential policy violation. This may be the alleged victim or a third party.

Alleged Victim

An individual who alleges to have been the victim in an incident(s) of sexual misconduct in violation of this policy.

Alleged Perpetrator/Responding Party

An individual who is alleged to have committed an act of sexual misconduct in violation of this policy.

Consent:

- a. **Definition:** Consent is positive cooperation in an act or expressing intent to engage in an act. Consent is indicated through words or conduct. An absence of words or conduct does not constitute consent. An individual who consents to a sexual act must give that consent voluntarily, and with knowledge and understanding of the nature of the act and their participation in it. Consent to one type of sexual activity does not necessarily constitute consent for another type of sexual activity. Consent can be withdrawn by any party at any time through words or conduct.
- b. **Capacity to Consent:** Consent can be invalidated (in other words, a person cannot give consent) in a number of situations.
 - A person cannot give consent if they are incapacitated by drugs or alcohol, unconscious, passed out, asleep, coming in and out of consciousness, or if they have a disorder, illness, or disability that would impair their understanding of the act and their ability to make decisions.
 - A person cannot give consent if they are under the threat of violence, injury, or other forms of coercion or intimidation.
 - A person cannot give consent if they are forced, coerced, intimidated, or deceived into providing consent. Consent cannot be inferred from silence or passivity alone.

The fact that the alleged victim was under the influence of drugs/alcohol may be considered in determining whether that person had the capacity to consent to the act in question. If the person was incapacitated, the question of whether the alleged perpetrator knew, or should have known, that the alleged victim was incapacitated will be considered.

- c. **Lack of Consent:** A person may express a lack of consent through words or conduct. A person need only resist, either verbally or physically, so as to make the person's refusal to consent genuine and real and so as to reasonably make known to the other party that person's refusal to consent. A person need not resist verbally or physically where it would be useless or futile to do so. The presence or absence of consent is based on the totality of circumstances, including the context in which an alleged incident occurred.

Hostile Environment

Sex and/or gender harassment creates a hostile environment for a student-victim when it is so severe, pervasive, or persistent that it interferes with or limits the student's ability to participate in or benefit from the Colleges' services, activities, or opportunities because of their sex or gender.

The determination regarding whether a hostile environment has been created requires objective and subjective consideration of the pertinent circumstances, including the type of conduct alleged, its severity, duration, and frequency, the context, including the parties' age, sex, and relationship to each other, and any history of similar behavior.

Reporting a Policy Violation to the College

There are multiple options available to an individual who wishes to report a policy violation to the College. Reports can be filed by the alleged victim or a third party. Reports can be made to the College's Title IX Coordinator, or to designated employees who are "Mandatory Reporters" (also known as "Responsible Employees"). Mandatory Reporters shall communicate the report to the College's Title IX Coordinator. Pursuant to federal law, the College has a legal responsibility for documenting and reporting an incidence of sexual violence and sex harassment. An individual considering making a report to a Mandatory Reporter should be aware that any personally identifiable details they share with the Mandatory Reporter will be communicated to the Title IX Coordinator.

Office Phone: 402-375-7321
Emergency/Cellphone: 402-375-7289

Mandatory Reporters

- a. President
- b. Vice Presidents
- c. Deans
- d. College Title IX Coordinator (contact information is listed above)
- e. Dean of Students
- f. Housing/Residence Life Staff to include:
 - Directors
 - Managers
 - Assistant Directors
 - Hall Coordinators
 - Resident Assistants
- g. Coaches and Assistant Coaches
- h. Campus Security Officers

Reports to the above designated employees will constitute "notice" to the College for the purposes of considering an investigation and institutional response in conjunction with the Title IX Coordinator.

College employees (even medical or mental health professionals identified below) are required by law to report any allegations of sexual abuse or assault of a minor to either law enforcement or the Department of Health and Human Services.

Exception Regarding Employee Reporting: The law recognizes and protects the confidentiality of communications between a person seeking care and a medical or mental health professional. Medical or mental health professionals employed by the College (Licensed Student Counselors, and Nurses and Athletic Trainers) respect and protect confidential communications from students, faculty, and staff to the extent they are legally able to do so. Employees may have to breach a confidence, however, when they perceive an immediate and serious threat to any person or property.

i. No Time Limit on Reporting

There is no time limit for reporting a policy violation to the College. However, the more time that passes between the alleged policy violation and the report to the College the more difficult it becomes for the College to respond and/or investigate the matter to determine whether the alleged perpetrator is responsible for the alleged behavior. Additionally, if the alleged perpetrator graduates or otherwise leaves the College, the College will not have the ability to hold them accountable if they are found responsible for sexual misconduct. Therefore, the College encourages early reporting of incidents that may be policy violations.

ii. Requests for Confidentiality, No Investigation, or Informal Resolution

An alleged victim may request the following: (1) for their name to be kept confidential, (2) for there to be no investigation into the alleged incident, or (3) for an informal resolution process. The College will take all reasonable steps to investigate and respond to the report consistent with the alleged victim's request. In determining whether it is possible to grant a request, the Title IX Coordinator must balance the request with their overall duty of providing a safe and non-discriminatory campus environment. Alleged victims who make these requests should understand that their request may limit the College's ability to respond fully to their concern. The College will offer appropriate resources and support to the alleged victim.

iii. Interim Measures

A range of interim measures are available to the alleged victim and the alleged perpetrator, as necessary, throughout the Title IX investigation. Any interim measures required will be put in place as soon as reasonably possible and will be provided equitably. The following are examples of interim measures that the College can implement: a no-contact order; a no-trespass order; a temporary suspension; a change in academic or living situations; access to counseling and academic support; the option to complete courses online, via independent study, or from a distance; the option to re-take a course or withdraw without penalty; and assistance working with professors to make up tests or assignments. When possible, interim measures will be taken at no cost to the alleged victim or the alleged perpetrator.

Students may be ordered to leave the College under a temporary suspension pending disciplinary action due process, per Board Policy 3200, in the event that the student's continued presence is believed to threaten the safety or health of another person or for reasons at the discretion of the Vice President responsible for Student Affairs. The following factors are considered when determining whether a temporary suspension is an appropriate interim measure:

- Whether the circumstances suggest a risk to the greater College community
- Whether there is a risk that the accused student will commit additional acts of sexual misconduct
- Whether there have been other sexual misconduct complaints against the accused student
- Whether the sexual misconduct was allegedly committed by multiple perpetrators
- Any additional information that the Vice President for Student Affairs considers relevant

Reporting Conduct to Law Enforcement

Violations of this policy that constitute criminal conduct may be reported to law enforcement. Reporting conduct to the College and reporting conduct to law enforcement are two separate processes. A reporting party can choose to report the conduct only to the College, (There is one exception: employees (even medical or mental health professionals who are Confidential Employees) are required by law to report any allegations of sexual abuse or assault of a minor to either law enforcement or the Department of Health and Human Services. In Nebraska, the age of majority is 19) or only to law enforcement, or to both the College and law enforcement.

Alleged victims should be advised that physical evidence can be collected at the same time as medical care is provided, but that medical evidence for a criminal prosecution cannot be collected without a report being made to local law enforcement. It is important that students make an informed decision regarding important physical evidence that can be preserved.

Regardless of whether or not the law enforcement authorities choose to prosecute a reported offense, the College can pursue formal disciplinary action against a student or employee alleged to have committed sexual violence or sex harassment.

If a report is made to law enforcement and the agency pursues an investigation, the College will cooperate with the law enforcement agency.

Confidentiality

The College appreciates the privacy concerns inherent in allegations of sexual violence or sex harassment. To protect students' privacy rights, the names of students or other identifying information, especially that which is contained in written documents and notes, will only be disclosed to third parties if; (a) prior written permission is given by the student concerned; (b) the disclosure is necessary to conduct an investigation or implement an interim measure; (c) the disclosure is necessary to pursue disciplinary action; or, (d) the disclosure is otherwise required by law.

Victims will be informed that the College has a legal duty to include information about reports of criminal sexual misconduct in annual security report statistics which do not identify either the person claiming to have been subject to criminal sexual misconduct or the alleged perpetrator.

If an alleged victim is under the age of eighteen (18) years, the College will obtain consent from the parents or guardians prior to beginning an investigation or disclosing information, unless otherwise required by law.

Disciplinary Processes and Consequences

Processes and procedures described in Board Policies 3100 and 3200 may be used subsequent to a sexual violence or sex harassment investigation to address cases of student misconduct, due process and discipline. If the alleged perpetrator is an employee, other Board Policies or Collective Bargaining Agreements will determine the due process steps and disciplinary consequences.

Disciplinary consequences may include, but are not limited to: warnings, disciplinary probation, loss of privileges, restitution, remedial work assignments, remedial educational requirements, service requirements, remedial behavioral requirements, College housing relocation, College housing suspension, removal from College housing, suspension, and expulsion.

Investigation Procedures

Note: While this policy and procedures are written primarily for the benefit of students, the same procedures shall also apply in the event either the individual reporting the sexual violence or sex harassment, or the alleged perpetrator, is not a student. Similarly, while the procedures assume that the incident occurred on or near College property or at an official College function or activity, some of these procedures may also apply if an alleged incident occurs off-campus or in a setting unrelated to College functions/activities.

1. An initial report may occur by telephone, email, in writing, or in person. When an initial report of sexual violence or sex harassment is received by any designated administrator or employee (listed in this Policy under "Reporting a Policy Violation to the Colleges"), the initial report shall be shared with the Title IX Coordinator as quickly as possible.
2. The Title IX Coordinator or designee will contact the alleged victim for the following purposes:
 - To ask questions in order to gain a better understanding regarding the nature of the incident;
 - To explain confidentiality and reporting requirements;
 - To explain the investigatory process, law enforcement options, and possible consequences;
 - To provide information about resources that are available to the individual; and,
 - To ask if the alleged victim wishes for the report to be pursued through an investigation or not. (If the alleged victim requests confidentiality, or asks that the report not be pursued, the College will take all reasonable steps to investigate and respond to the report consistent with the request for confidentiality or request not to pursue an investigation, if possible. The request will be evaluated and weighed against the College's responsibility to provide a safe and nondiscriminatory environment.)

3. The Title IX Coordinator or designee, after consultation with the System Director for Title IX, will determine if an investigation will be conducted.
4. If an investigation will be conducted, the Title IX Coordinator or designee will immediately begin an investigation and will take steps to complete the investigation within sixty (60) calendar days after receipt of the report, if possible. The College is committed to a complete and impartial investigation of reports of sexual violence or sex harassment, including the opportunity for both parties to present witnesses and other evidence. Investigations will occur as quickly as possible, but the complexity of the investigation, the severity and the extent of the harassment, or number of involved parties can impact the duration.

The investigation shall consist of:

- Reviewing all related written statements or reports;
 - Interviewing the alleged victim, alleged perpetrator and other witnesses;
 - Reviewing applicable College records; and,
 - Reviewing other relevant material and evidence.
5. The Title IX Coordinator or designee will provide parties involved in the investigation with periodic updates while an investigation is pending, consistent with Family Educational Rights and Privacy Act (FERPA) restrictions.
 6. At the conclusion of the investigation, the Title IX Coordinator or designee will make a finding regarding the report using a "preponderance of the evidence" standard (which means he or she will assess whether it is more likely than not that alleged sexual violence or harassment occurred) and will provide the recommendation to the Vice President responsible for Student Affairs. The Title IX Coordinator will also issue separate written statements to the alleged perpetrator and the alleged victim, informing them of the findings and recommendation to the Vice President for Student Affairs.
 7. Within ten (10) working days from receipt of the Title IX Coordinator's or designee's recommendation, the Vice President will issue a written statement to the alleged victim, the alleged perpetrator and the Title IX Coordinator regarding the outcome of the investigation and a decision as to whether or not disciplinary proceedings will commence in accordance with Board Policies 3100 and 3200. In the event that disciplinary proceedings commence at the conclusion of the investigation, the College has an obligation to disclose the outcome of the disciplinary proceedings to the student who reports being the victim of sexual violence.
 8. If the alleged victim and alleged perpetrator agree with the decision of the Vice President, the matter is considered resolved without any further rights of appeal by either party. If either the alleged victim or the alleged perpetrator object to the decision of the Vice President, either individual may appeal the decision in writing to the President within seven (7) calendar days. (Any sanctions imposed during the disciplinary process will go into effect after the 7-day window for appeals closes, and if an appeal occurs, after it is complete. However, existing interim measures [such as a temporary suspension] may remain in place.)

Requests to extend the 7-day window for appeals for good cause must be submitted in writing to the Vice President and will be decided on a case-by-case basis. The President will review the matter and then issue his/her decision to; (a) affirm the Vice President's decision; (b) refer the matter for further investigation; or, (c) refer the matter for disciplinary proceedings. The President's decision will be final.

Note: Title IX prohibits retaliation for reporting parties and any individuals participating in an investigation. The College will not only take steps to prevent retaliation but will also take strong responsive action if it occurs.

Conflicts of Interest in Investigations

Conflicts of interest by those handling a Title IX investigation or response will not be permitted. A party who wishes to raise a concern regarding a conflict of interest (whether real or perceived) in the investigation or response process may submit their concern in writing as soon as possible to the Vice President for Student Affairs.

Resources and Assistance

The Title IX Coordinator or Designee will have available contact and referral information for counseling/mental health services, medical services, law enforcement, judicial remedies/restraining orders, and educational resources, and will share resource information with victims and alleged perpetrators. Assistance options including, College no contact orders, changes in academic, living, transportation and working situations may be made available as remedies to protect alleged victims, alleged perpetrators, and witnesses.

Sign Posting

Signs are to be posted in designated areas in each campus building and not on walls which includes the Kanter Student Center. Special signs, team support, election, etc. may receive special approval for wall display. Please bring items to the Student Activities Office, SC Room 12, for assistance. Displays in residence hall windows are prohibited and will be addressed in a content neutral manner.

Skateboards, Hover Boards, Bicycles, Scooters, and Rollerblades

The use of skateboards, hover boards, bicycles, scooters, and rollerblades is prohibited inside all campus buildings and within 25 feet of any building entrance. The use of skateboards, hover boards, bicycles, scooters, and rollerblades will be allowed outside on the WSC campus by those associated with WSC, and then only as a means of transportation. Anyone using skateboards, hover boards, bicycles, scooters, or rollerblades on WSC property shall give right of way to pedestrians and will travel at a reasonable and prudent speed. Recreational use is prohibited. Recreational use includes, but is not limited to, performing acrobatic stunts of any type as well as using any bench, table, stair or similar object as a platform for these recreational vehicles.

Students using skateboards, hover boards, rollerblades, scooters, and bicycles are responsible for any damage or injury (including to themselves) they may cause on the WSC campus. The College will assume no responsibility for any injury or damage caused by skateboards, hover boards, rollerblades, scooters, and bicycles. WSC students violating this policy may be subject to campus disciplinary action, in addition to being charged with a criminal offense if the situation warrants.

Bicyclist and scooter operators are required to use the storage racks located throughout the WSC campus. Bicycles and scooters shall not be attached to trees, posts, signs, stairwells, railings, or handicapped ramps. Bicycles or scooters found secured to any object other than a bike rack or laying on the ground are subject to confiscation by WSC Campus Security.

The term 'scooter' will refer to all push or pedal style scooters. Motorized scooters will be considered the same as a motorcycle and must follow all motor vehicle laws and WSC parking regulations.

Solicitation on Campus

No solicitation or canvassing of any kind may be conducted on campus, including door-to-door solicitation or canvassing in residence halls. Nor may articles, goods or services be offered for sale on the campus unless the solicitation is part of an approved College fundraiser. Additional information can be found in [Board Policy 8025: Facilities Utilization: Non-College Purposes](#), and [Board Policy 8027: Facilities: Leasing or renting On-Campus Space](#).

Student Fundraising Activities

All student money-making activities must be approved in advance by the Director of Student Activities, Room 12, Kanter Student Center. This process requires completing a form describing the activity and obtaining the advisor's signature. College-recognized organizations sponsoring fund-raising activities must be non-profit in nature and may not involve the sale of food unless specifically approved on the Authorization Form. Groups wanting to sell or distribute items in campus residence halls must do so in cooperation with, and under the supervision of the Residence Hall Directors. Unauthorized fund-raising events may be cancelled by the Vice President/Dean of Students.

Weapons and Explosives

WSC prohibits all persons who enter College property from carrying, possessing or using firearms, fireworks, explosives or any lethal weapon on campus or any type of item designed to cause injury or death regardless of whether the person is licensed to carry the weapon or not. Only certified law enforcement officials who have the appropriate approval will be allowed to carry a weapon. Concealed weapons are not permitted at the College, in buildings, on the grounds, other WSC property or at WSC activities.

Students who possess a weapon on WSC property are in violation of this policy and may be subject to disciplinary actions up to and including suspension. Any violator may also be reported to law enforcement officials to face the possibility of criminal prosecution.
