

SPECIAL EDUCATION GENERALIST

Subject endorsement to teach grades 7-12

Not all students learn in the same way. That's why special education teachers are vital to schools. You'll get to help kids who need a little extra attention and guidance. Adding a Special Education subject endorsement to your Education degree will qualify you to teach students with exceptionalities in junior high and high school. With a longstanding, excellent reputation for our Education program, Wayne State is the perfect place to begin your career in special education.

The Special Education Generalist (7-12) subject endorsement is not a standalone program. You must also select a second subject endorsement or field endorsement to receive your B.A. or B.S.
